

PUBLIC INFORMATION SESSIONS

Énergie NB Power

NB Power is holding information sessions to discuss the Point Lepreau Nuclear Generating Station operations, small modular reactors and waste management.

You will also be able to learn more about the environment and regulatory requirements for the existing nuclear operation and the proposed nuclear project.

There will be information available on the project and a presentation will be delivered at 6:00 p.m. Representatives from NB Power will be present to answer questions. NB Power is committed to keeping its stakeholders informed and welcomes the opportunity to meet all of you.
